

Welcome,

At Stelo, we believe wine, like food, is about people and place. It can capture the essence of a region and transport that story around the world.

We are incredibly proud to be a Tasmanian restaurant first and foremost. We firmly believe that the wines we make here are some of the best in the world. They possess a freshness and aromatic quality that sets them apart, and we are excited to champion the winemakers who call Tasmania home.

Being heavily inspired by Italian cuisine, we have also curated a selection of Italian wines that complement the food and allow you to experience wines from the other side of the world, made from grape varieties and styles that you might be less familiar with. We would love to share the stories of these wines with you, so please don't hesitate to ask questions or look to us for recommendations.

But most importantly, we believe that wine and food are about coming together to share in life's moments, and we hope you enjoy selecting a wine as much as we have.
